Invited Assistant Investigator/ Investigador Auxiliar Convidado

Job/Fellowship Reference: Invited Assistant Investigator/ Investigador Auxiliar Convidado
Main Research Field: Health and Life Sciences

Job Summary:
Financed by a contract between QREN and the University of Coimbra (UC), UC invites applications for one position of Invited Assistant Investigator/ Investigador Auxiliar Convidado to work in the project Aging, stress and chronic diseases at the Center for Neuroscience and Cell Biology of the University of Coimbra. The gross salary will be in the range of 2900 €/ month for a period of 6 months renewable up to a total of 24 months.

Description

Job Description and selection
The University of Coimbra (UC) wishes to hire an investigator to develop collaborative research within the field of the project in Aging, stress and chronic diseases at the Center for Neuroscience and Cell Biology (CNC).

The successful candidate should hold a PhD in Life or Health Sciences or related areas, have at least 4 years of post-doc experience with documented experience in the scientific areas of the project. Preference will be given to candidates with: i) proven interdisciplinary background (supported by publications); ii) grant managing experience; iii) experience in training graduate students; iv) research activity in a foreign Research Institute of reference; v) clear plan of integration in this research project within CNC (Motivation Letter).

The candidate is expected to show willingness to develop scientific activities in tight collaboration with groups at CNC and to participate in post-graduate teaching and training, to allow for future applications supporting his/her insertion as a UC/CNC investigator. The selection will involve a curricular evaluation (AC) taking into account the curriculum (CV) and the fitting of the profile (PF) to the position. Candidates with the best evaluations will be called for an interview.

Applications should be sent by e-mail to Dr. Silvia Sousa (silvia@cnc.uc.pt) until the 20th of June, including a Motivation Letter detailing training and laboratory experience as well as plans for integration within CNC, Curriculum Vitae with academic history, publications, funding, copy of degree certificates and contact of 2 referees. Candidates will be notified by e-mail.

Selection Committee:
Catarina Resende de Oliveira, Rodrigo Cunha, Cláudia Cavadas, João Laranjinha
